

GREATER NEW ORLEANS STEM INITIATIVE
CORE ELEMENT RESOURCE CENTER

MODELING METHOD OF INSTRUCTION

PHYSICS/PHYSICAL SCIENCE AND CHEMISTRY WORKSHOPS

Who: Louisiana Region 1 Public School Teachers of
Chemistry, Physics, Physical Science
Teachers in other regions and nonpublic teachers may
attend for a nominal fee.

What: Two week workshop on Modeling Method of Instruction

When: July 9-20, 2012 8:30 am – 3:30 pm

Please check with your schools or districts about stipend
availability.

Public school teachers of LA DOE Region 1 teachers may be
eligible for Core Element stipends (pending funding) if
funding is not available in your district.

Email for details: andrea.walker@gnostem.org

Confirmation emails for acceptance will be sent by June 1,
2012.

OR FAX THIS REGISTRATION FORM TO:

ANDREA WALKER at 504-379-3826

Incomplete applications cannot be considered.

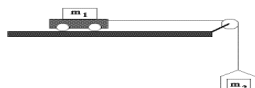

Modeling Method of High School Instruction

Developed at Arizona State University
With a grant from National Science Foundation

Nationally trained presenters

The modeling method:

- Developed to address common misconceptions in
science
- Uses probeware and low tech measurement
methods
- Comprehensive, free curriculum

<http://modeling.asu.edu>

Participants who attend ALL sessions are eligible to receive:

- ✓ 60 Science CLUs
- ✓ Curriculum Resources
- ✓ Follow-up Mentoring available

Registration Form

(Please Print)

MUST BE RECEIVED BY May 31, 2012

Space is limited. Apply early.

Please choose your session below.

Please note: physics workshop be geared toward 9th
grade physics, Physics First and or the physics
content within physical science.

Choice	Modeling Session	Dates
	Physics/ Physical Science	7/9-20/2012
	Chemistry	7/9-20/2012

Training for certified 9-12 physics, chemistry or
physical science teachers.
